Light barriers and safety

Slip door contact (Extra 412) with accessories

Article Number:

150450-01-1-50

Light barrier LS 5 – up to 8 m range – protection category IP 45 – mains supply 12-24V AC/DC – transmitter and receiver – isolated change-over contact

Article Number:

020219-31-3-32

Bracket for light barrier LS 5

Article Number:

148246-01-1-50

Integrated light barrier LS 2 (2-wire-light barrier) up to 8 m range – protection category IP45, receiver and transmitter not suitable for InduPort operator

Article Number:

020233-31-3-32

Installation within running range of door possible !

Optical closing edge safety device Extra 701, consisting of: transmitter and receiver, diagnostic electronic system, socket and helix cable - 24V

Article Number:

020014-31-3-32

C – profile to accept the bottom door profile

Article Number:

150452-01-1-50

Bottom door profile

Article Number:

150448-01-1-50

Light barrier LK 25/35 for wide ranges up to 30 m – protection category IP 65 – mains supply 15V - 240V AC, 12V - 240V DC – receiver and transmitter

Article Number:

050595-31-3-32

Reflection light barrier RLK 29 – up to 12 m range– protection category IP 65
mains supply 15V – 240V AC, 12V – 240V DC – including reflector

Article Number:

050594-31-3-32

Emergency touch contact (concealed mounting)

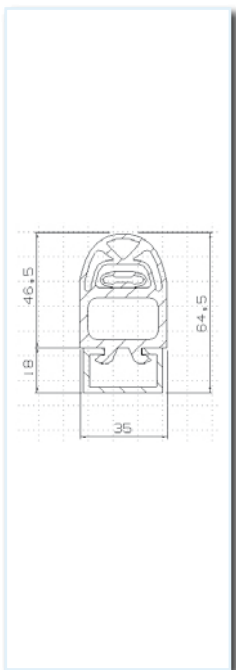

Article Number:

020051-31-3-32

Emergency touch contact (surface mounting)

Article Number:

050805-31-3-32

Safety strip type 35/50 for sectional doors and roller shutters, end strip 8,2 k,
connection cable 1x3 m

Article Number:

152100-01-1-50

Safety strip type 35/50 for sectional doors and roller shutters, end strip 1,2 k,
connection cable 1x3 m

Article Number:

152101-01-1-50

Safety strip type 35/50 for sectional doors and roller shutters, clearance strip,
connection cable 1x3 m

Article Number:

152102-01-1-50

Helix cable 4x0,75 qmm for transmitting from garage door to operator control
unit, coiled length 0,9 m, string length 3 m

Article Number:

050749-31-3-32

Helix cable 2x1,00 qmm for transmitting from garage door to operator control
unit, coiled length 0,9 m, string length 3 m

Article Number:

148298-01-1-50

Main switch (ON / OFF switch)

Article Number:

020062-33-3-32

Signal lamps and warning lamps

Light control system / single track control system in separate housing including 10 m connecting cable – mains supply 230V / 50Hz – excluding radio receiver: The application of radio requires a radio module.

Article Number:

150130-02-1-50

Signal lamp RED with luminaire LED and bracket – 150 mm – height 147 mm surface-mounted – mains supply 230V / 50Hz

Article Number:

020157-31-3-32

Signal lamp GREEN with luminaire LED and bracket – 150 mm – height 147 mm surface-mounted – mains supply 230V / 50Hz

Article Number:

020158-31-3-32

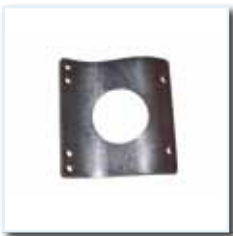

Warning lamp BL 230 – mains supply 230V / 50Hz

Article Number:

020332-31-3-32

Mounting material and releases

Torque support for installation of NovoShaft operators

Article Number:

02034031-3-32

Extension chain NovoShaft for version „SK“ (1m)

Article Number:

020259-31-3-32

7 m cord including fastening material for NovoShaft version „ER“

Article Number:

020338-31-3-32
